INDIAN INSTITUTE OF CHEMICAL ENGINEERS (IICHE)
KANPUR REGIONAL CENTRE**

DEPARTMENT OF CHEMICAL ENGINEERING
University Institute of Engineering and Technology CSJM University Kanpur

Activity Report (July-September 2018)

- 1. Guest Lecture:** Dr Lalit Kumar Singh (Scientist BARC, Mumbai) delivered a lecture on” Analysis of Safety-Critical Nuclear Reactor using Hidden Markov Model (HMM)” on 27th July 2018. All final year students of Chemical, Mechanical and Material Science & Metallurgical Engineering of the Institute were invited to join the talk.

3. Like every year , a quiz competition was also organized in celebration of Engineers Day. This time the quiz was based on the pattern of GATE to further help students in achieving their future goals. It also tested their technical abilities in their respective fields. It was 55 minutes quiz comprising of 55 questions from different fields of engineering disciplines.
